**VERIFIED COMPLAINT
FOR WRIT OF REPLEVIN**

Plaintiff, by and through its attorney, pursuant to FRCP Rule 64, FRCP Rule 65, MCR Rule 3.105 and MCL 600.2920, and in support of its claims, states:

1. Glacier Sales and Engineering, LLC is a limited liability company incorporated in the state of Florida, doing business as Glacier Manufacturing ("Glacier").
2. Defendant Eagle Plastics Corporation ("Eagle") is a Michigan corporation doing business in the County of Wayne.
3. The property giving rise to this complaint is located in Wayne County, Michigan.
4. Jurisdiction is based upon 28 USC §1332, diversity of citizenship, as Plaintiff is a citizen of Florida and Defendant is a citizen of Michigan.

5. Venue is based upon 28 USC §1391, as the res which is the subject matter of this action is based within this judicial district.

6. The amount in controversy exceeds \$75,000, exclusive of interest and costs.

GENERAL ALLEGATIONS

7. Glacier is in the business of molding/manufacturing various plastic products and selling them directly to its customers.

8. In order to accomplish this, many times Glacier would subcontract the molding/manufacturing of the product to various suppliers.

9. In this instance, Eagle was to be a subcontractor/supplier of Glacier.

10. It was the intent of Glacier and Eagle that Eagle would:

- a. manufacture certain products using machines, equipment and materials owned by Glacier ("Machinery");
- b. manufacture certain other products using plastic injection molds ("Molds"), in the possession of Glacier, provided to Eagle; and
- c. manufacture all the products for Glacier to sell to Glacier's customers.

11. On or about June 4, 2007, Glacier entered into a Manufacturing and Supply Agreement ("Agreement") with Eagle, in which Eagle agreed to manufacture certain products for Glacier, in accordance with Glacier's specifications. Such products were to be made using Glacier's Machines and using the Molds in the possession of Glacier and provided by Glacier to Eagle. Eagle has a copy of said Manufacturing and Supply Agreement [**Exhibit 1**].

12. Such products were intended for Glacier's customers.

13. Upon information and belief, Eagle:

- a. became insolvent and/or could not obtain financing for manufacturing of Glacier's products and has ceased operations for Glacier;
 - b. failed to maintain proper insurance coverage as agreed;
 - c. terminated substantially all of its employces;
 - d. has ceased substantially all molding/manufacturing activity at its facilities;
 - e. refused access to its facilities by Glacier's representative;
 - f. failed to provide timely electrical service to Glacier's Machinery;
 - g. failed to provide timely and technically correct water hook ups to Glacier's Machinery;
 - h. failed to timely provide approved quality product;
 - i. failed to timely deliver product;
 - j. failed to provide timely production schedules;
 - k. failed to provide timely inventory schedules;
 - l. failed to provide adequate support for Glacier's production needs; and
 - m. failed to properly maintain and secure Glacier's Machinery and Molds such that Glacier was advised of possible tampering or sabotage to the property requested returned to Glacier.
14. Notice had been given by Glacier terminating the Agreement on August 25, 2007.
15. As a result of the conduct of Eagle, Glacier lost at least one contract with its customers and is on the verge of losing other contracts and customers.
16. Pursuant to the Agreement:
- "Upon any expiration, termination or receipt of notification of termination of this Agreement, Supplier shall immediately discontinue production of the Product and*

provide Glacier immediate access to the Supplier's premises for the purpose of removing Glacier's Machinery. Supplier agrees that Glacier shall be entitled to an immediate writ of replevin without notice to Supplier and without posting a bond, or any other mechanism of law, to recover the Machinery if Glacier is not provided immediate access to the Machinery to effect its removal." (" Par. 7.4(b). (Emphasis added).

17. Glacier cannot conduct business contracted for and contract for new business without the Machinery, Molds and inventory in the possession of Eagle.
18. Glacier has a present possessory interest in the Machinery, Molds and inventory.
19. All Machinery, Molds and inventory are transportable and otherwise depreciable in value. Glacier is fearful and apprehensive that, unless it is granted possession pending final judgment, the property might be moved, lost, conveyed, stolen or otherwise used in a way to substantially impair their values.
20. Eagle has refused to surrender possession of the Machinery, Molds and inventory.
21. Irreparable harm will result to Glacier if it is prevented from fulfilling its contractual obligations to its customers and acquiring new business, including, but not limited to, loss of contracts, loss of customers and loss of reputation in the business community and thus adversely affect the financial condition of Glacier.
22. Eagle is believed to be on the verge of closing its doors altogether.
23. Glacier is reserving and preserving any and all claims for damages, regardless of jurisdiction, and is specifically not waiving any claims at this time.

**COUNT I – CLAIM AND DELIVERY
MACHINERY OWNED BY GLACIER**

24. Plaintiff adopts and incorporates by reference its allegations in paragraphs 1 through 23, as though fully stated herein.

25. The Machinery owned by Glacier and to be used by Eagle in Livonia, Michigan, is described in detail [**Exhibit 2**].
26. Repeated demands have been made by Glacier to Eagle for the return of the Glacier's Machinery.
27. Eagle has repeatedly refused to return Glacier's Machinery.
28. The Machinery claimed are independent pieces of property.
29. The value of the Machinery which Glacier owns is estimated at \$650,000.
30. Glacier is entitled to the return of property it already owns.
31. It is of the utmost importance that Glacier obtains its Machinery so that it can arrange with other suppliers to manufacture product, before additional business is lost and otherwise try to recoup its already loss of business.
32. No bond is required, per Par. 7.4(b) of the Agreement, as stated in paragraph 16 above.
33. Upon information and belief, the Machinery is not under custody of law by virtue of any warrant for the collection of a tax, fine, judgment, or execution.

WHEREFORE, Plaintiff requests that it be granted a judgment against Defendant, Eagle Plastics Corporation, requiring Defendant to immediately turn over the property requested, grant to Glacier a permanent injunction restraining Eagle from damaging or otherwise destroying the property requested returned to Glacier, grant an expedited hearing on the complaint, together with awarding costs and attorneys, and any other relief the Court deems just.

COUNT II- CLAIM AND DELIVERY
INJECTION MOLDS PROVIDED BY GLACIER TO EAGLE

34. Plaintiff adopts and incorporates by reference its allegations in paragraphs 1 through 33, as though fully stated herein.
35. As previously stated above, Eagle was also to manufacture product for Glacier, using Molds in the possession of Glacier and provided to Eagle, also pursuant to the Agreement.
36. The molds are described in **Exhibit 3**.
37. The molds are independent pieces of property.
38. The value of the molds is estimated at \$400,000.
39. After the cessation of attempted production and a termination of the Agreement, Glacier has repeatedly requested the return of the Molds so that Glacier can continue production with another supplier, thus fulfilling its contractual obligations with its customers.
40. Notwithstanding repeated demands for the return of the Molds, Eagle has refused.
41. It is of the utmost importance that Glacier obtains the Molds it provided to Eagle so that it can arrange with other suppliers to manufacture product, before additional business is lost and otherwise try to recoup its already loss of business.
42. Irreparable harm will result to Glacier if it is prevented from fulfilling its contractual obligations to its customers, and acquiring new customers, including, but not limited to, loss of contracts, loss of customers and loss of reputation in the business community and thus adversely affect the financial condition of Glacier.
43. No bond is required, per Par. 7.4(b) of the Agreement, as stated in paragraph 14 above.

44. Upon information and belief, the Machinery is not under custody of law by virtue of any warrant for the collection of a tax, fine, judgment, or execution.

WHEREFORE, Plaintiff requests that it be granted a judgment against Defendant, Eagle Plastics Corporation, requiring Defendant to immediately turn over the property requested, grant to Glacier a permanent injunction restraining Eagle from damaging or otherwise destroying the property requested returned to Glacier, grant an expedited hearing on the complaint, together with awarding costs and attorneys, and any other relief the Court deems just.

COUNT III – CLAIM AND DELIVERY
FINISHED INVENTORY, WORK IN PROCESS AND RAW MATERIALS

45. Plaintiff adopts and incorporates by reference its allegations in paragraphs 1 through 44, as though fully stated herein.

46. Glacier's customers need their products contracted for or their businesses will be adversely affected, in addition to that of Glacier. At present, Glacier's finished goods, raw materials and work in process are sitting idle at the Eagle facilities.

47. Glacier has been prevented from viewing the premises, and therefore cannot state the precise volume of inventory, etc. which Eagle has, notwithstanding Paragraph 3.5(d) of the Agreement which states:

"Supplier shall permit Glacier immediate access to the Machinery at any time during normal business hours upon request by Glacier."

48. Glacier owns the finished goods, work in process and raw materials. Eagle is merely attempting to hold the items until paid which is a separate cause of action.

49. Eagle has refused.

50. The Inventory are independent pieces of property.
51. The Inventory has an approximate value of \$120,000 after certain setoffs.
52. Upon information and belief, the Inventory is not under custody of law by virtue of any warrant for the collection of a tax, fine, judgment, or execution.

WHEREFORE, Plaintiff requests that it be granted a judgment against Defendant, Eagle Plastics Corporation, requiring Defendant to immediately turn over the property requested, grant to Glacier a permanent injunction restraining Eagle from damaging or

otherwise destroying the property requested returned to Glacier, grant an expedited hearing on the complaint, together with awarding costs and attorneys, and any other relief the Court deems just.

(b) If, due to force majeure, Supplier is prevented or expected to be prevented from supplying Glacier with the Product for a period exceeding thirty (30) days, then Glacier shall have the right to terminate this Agreement with immediate effect and upon the request of Glacier, at Glacier's expense, Supplier will provide reasonable assistance in establishing or locating a new manufacturer for the Product.

7.4 Post-Termination Obligations.

(a) Notwithstanding anything else contained herein to the contrary, following any termination of this Agreement, Glacier shall purchase from Supplier (at the most recent applicable price therefor) Supplier's remaining inventory of the Product, such amount not to exceed Glacier's forecasted requirements for the Product, pursuant to Section 4.1 hereof, for the two (2) months immediately following the termination or expiration of this Agreement.

(b) Upon any expiration, termination or receipt of notification of termination of this Agreement, Supplier shall immediately discontinue production of the Product and provide Glacier immediate access to the Supplier's premises for the purpose of removing Glacier's Machinery.
